TEST YOUR KNOWLEDGE ON DRUGS AND DRUG ABUSE BY TAKING THE: 

National Drug IQ Challenge

Go to drugfactsweek.drugabuse.gov/IQchallenge.php for an online interactive version.

1. What’s the substance most abused by high school seniors?
   A. Marijuana
   B. Tobacco
   C. Alcohol
   D. Ecstasy

2. Studies have found that up to 14 percent of drivers injured or killed in traffic accidents tested positive for:
   A. Tranquilizers, like benzodiazepines
   B. Heroin/opioids
   C. Marijuana/Cannabis
   D. Methamphetamine/Cocaine

3. The most commonly abused class of prescription drugs is:
   A. Sleep medications (Ambien, Lunesta, Sonata)
   B. Tranquilizers (benzodiazepines—Valium, Xanax)
   C. Pain relievers (opioids—Vicodin, Oxycontin)
   D. Stimulants (Concerta, Ritalin, Adderall)

4. How many Americans die from diseases associated with tobacco use each year?
   A. About 1,500
   B. About 13,200
   C. About 50,500
   D. About 440,000

5. Why does marijuana make you hungry?
   A. Because THC (the active ingredient in marijuana) causes diarrhea
   B. Because THC affects the brain
   C. Because brownies are usually around when using marijuana
   D. Because marijuana use leads to severe weight loss

6. Anabolic (growing or building) steroids—used by some athletes to improve performance—can do which of the following?
   A. Limit how tall you grow
   B. Make you bald and shrink your testicles
   C. Give you body hair where you don’t want it
   D. Give you acne
   E. Steroids can have all of these effects

7. What group abuses inhalants the most?
   A. High school seniors
   B. 10th graders
   C. 8th graders
   D. College aged women
   E. Medical students

For more questions and to find out the correct answers turn the page.
8. Snorting cocaine can cause:
   A. Panic attacks
   B. Drowsiness
   C. Heart attacks and seizures
   D. Both A and C
   E. All of the above

9. What is the leading cause of preventable birth defects?
   A. Tobacco
   B. Alcohol
   C. Marijuana
   D. Cocaine

10. Which of these webs is made by a spider that is NOT on drugs?
    A. [Image]
    B. [Image]
    C. [Image]

11. Many teens abuse prescription drugs. How do most get them?
    A. They steal them
    B. They get them free from a friend or relative
    C. By faking symptoms to a doctor
    D. From a drug dealer
    E. From the Internet

13. The drug, methylenedioxyamphetamine (MDMA) is also called “X” because:
    A. It causes Xtra muscle cramping
    B. It causes Xtra sensation
    C. It causes Xtra teeth clenching
    D. It is short for “Ecstasy”
    E. All of the above

12. Drug abusers are at risk for HIV infection:
    A. Only when they inject drugs
    B. Because drugs can affect the way people make decisions
    C. When they share needles to inject drugs
    D. Both B and C

14. Which of the following is associated with teenage drinking?
    A. Memory problems
    B. Getting into fights
    C. Teenage pregnancy
    D. A, B, and C
    E. None of these
15 Which chemicals below will enter your lungs when you take a puff of a cigarette?
A. Arsenic and cyanide
B. Benzene (also found in gasoline)
C. Ammonia
D. Carbon monoxide (from car exhaust)
E. All of the above

16 Why do celebrities go in and out of drug and alcohol rehab?
A. They like the publicity
B. Finding the right treatment and learning to live sober can take practice
C. It helps them get away from the paparazzi
D. They are secretly getting plastic surgery

17 How many teens (age 12 to 17) are treated for substance abuse in a year?
A. 1,000
B. 28,000
C. 142,000
D. 1.2 million

18 What percentage of people who try marijuana will become addicted to it?
A. 9%
B. 1 in 6 if use begins as a teen
C. About 50% of daily users
D. All of the above

19 It’s safe to use prescription medications when:
A. You’ve checked out WebMD and know what you are doing
B. You’ve taken them before for another problem
C. They are prescribed for you by a doctor for a current problem
D. Your mom gave them to you from her prescription
E. All of the above

20 Abusing substances does what to your brain?
A. All of the below
B. None of the below
C. Messes with it
D. All of the above
E. None of the above
