Julia loves science. Julia wants to be a scientist one day. What do scientists use?

Corty is a brain. He helps the club members solve missions. Corty needs you! Help him get out of the maze.
Brain Power! is a club. Kids in the club learn about science. If you want to be a Junior Scientist, you can learn about science, too!

Who Can be a Scientist?
1. The number after seven
2. A holder for flowers
3. Dumbo was one
4. The shape of a ball
5. A toy that goes up and down
6. Opposite of in
7. A giraffe has a long one
8. What you do at dinner

Fill in the word puzzle above. Use the first letter of each response to answer the mystery question.

Who can be a scientist?

[Blank]
Curiosity

All scientists ask questions. They want to learn about the world. This is curiosity.

Beth

Beth is a NIDA Junior Scientist. She helps Max and Julia learn about science.
